D	89	89	102	102	114	127	140	152	190

Sizes above 100mm are available, contact sales for further details.

This robustly constructed bronze bolted cover globe valve is **LLOYDS APPROVED TO 3.1C** and is ideally suited for primary isolation duty for shipside and steam boiler use.

The valve provides a leak tight-tight shut off with the capability of being used partially open to regulate flow.

Independent third party test and inspection by Lloyds, B.V., D.N.V., D.O.T. etc can be arranged usually within 1 to 2 working days.

Features & Benefits

- Lloyds Approved.
- Marine style with open & shut indicator.
- Supplied with full material certification.
- Rising stem.
- Screw lift or SDNR pattern.

Pressure & Temperature

PN16 Rated

For the working pressures and temperatures, see the flange rating table in the technical data section.

SUITABLE FOR SHIPSIDE DUTY
