

## 433 SDNR

**Bronze  
1270-LK Type  
Screw Down Non Return  
Marine Globe Valve  
Flanged PN16/10**

Other flange drillings or undrilled on request

Bronze bolted cover, rising stem, metal seated gland packed globe valve. Suitable for cold and hot water, seawater, saturated steam, oil and other neutral non aggressive liquids.

The valve provides a leak tight shut off with a non-return design, preventing reverse flow when in the open position.

Independent third party test and inspection by various classification society surveyor's can be arranged for shipside and primary isolation duties.
